We will taste six wines from Ruth Lewandowski Wines. Their website tells their story: *These natural wines are birthed in a philosophy of “farming in tune with natural cycles, never fighting against them...when one thinks of soil health as much as fruit quality. With balanced fruit and clean practices, we're afforded confidence in the balance of microbial life and that the right organisms will do the right thing and carry out this near alchemical transformation from base grape to purified liquid.”*

**We're glad you're interested in our wine tasting!!! Please follow this link to the guest page of our [website](#) where you can learn more about us.**

**If you would like to register for this tasting, please contact our [Tasting Registrar](#) and request to attend. The Registrar will respond and guide you through the registration process.**
