# HOA Book Clubs

**Are you looking for a Book Club? Do you like to read and have friendly discussions about the books you have read?**

## Guidelines

- A book club is created when 5-8 individuals sign up.
- An e-mail is sent to these individuals advising the members of their book club group along with their contact information.
- A list of guidelines and information about having successful book group chats is available.
- Each group decides what to read, where and when to meet, how frequently, and other details.

**New HOA Book Clubs are continually forming!**
