Long Island Marina, Kingston

Length: 6 Miles

Type: Out/Back

Rated: Moderate

This is a six-mile loop on the Tennessee River leaving from Long Island Marina. We will paddle around a string of islands and look at the cypress trees at the mouth of Riley Creek. If we are lucky, we may get to see the resident female bald eagle perched in a tree on the bluff across from Long Island. Hopefully, we will see her new mate and eaglets too, or a beaver.

After the paddle, we may enjoy the nice outdoor deck at the marina. The marina store sells snacks, drinks and draft beer. Please plan to bring your lunch if you want more than snacks or another option is to order pizza from Papa John's (865-717-1234) in Kingston and have it delivered to the marina.

Note: The marina does not open until noon, and there is a good chance the bathrooms will not be open when we launch.
