

Vonore Six Island Loop Paddle

Wed. September 30th

Meet at 8:00 A.M. at Sloan's
Rated Easy!

Our paddle will begin at the Vonore Recreation Park boat launch. We will make a wide loop which winds its way through six different islands and along quite a bit of heavily wooded lake shore. Depending on how many coves we want to explore (there are plenty to choose from), the paddle will be 5-6 miles in length. For those who want a shorter paddle, you will have the option of cutting across the loop and heading straight back to the boat launch. This is a section of Tellico lake which will be new and interesting for many of our regular paddlers.

We will meet in Sloan's parking lot at 8:00 am and make the fairly short commute to Vonore from there. For those interested in lunch, both Italian and Mexican fare is available close by.
