

# Bluebirds!

The Eastern Bluebird and other cavity-nesting birds' populations have increased significantly in East TN the past several years. This is due to the increase of nest-box trails and volunteer management of those nest boxes. Across Tennessee, there has been a 250% increase in nest boxes, and a 320% increase in fledged birds due to the work of our volunteers. Come to Chuck Cruickshank's lecture and learn all about attracting, housing, and feeding these beautiful birds.

**Wednesday, Feb. 22**  
**10-11 AM**

Held at the Public Library at Tellico Village  
Call to register: 865-458-5199
