Now and Then is a heartfelt romantic comedy about the cost of the choices we make and the people who make them with us. Jamie is closing the bar where he works when a last-minute customer offers him and his girlfriend, Abby, \$2000 to sit and have a drink with him. Who wouldn't take it? The young couple begin to realize that the older man is unusually invested in their choices... and the reason he gives them is completely unbelievable. But when a very displeased second stranger arrives, the unbelievable begins to look like it just might be true.
